Work Experience

SKYPYRE STUDIOS

Part-time Developer & Videographer (Aug. 2019 - Present)

- Implementing features and bugfixing in C# for games
- Creating videos for company events and projects

BANK OF CANADA

Web Developer, Co-op (Jan. 2017 - Dec. 2017)

Web Developer, Summer Student (Apr. 2018 - Aug. 2018)

- Developed and maintained the Bank's websites using Wordpress, PHP, and JavaScript
- Researched and implemented data migration test automation, saving weeks of time wasted regularly wasted on tedious manual testing
- Developed tools to replace print publications with fully digital and interactive publications, including charting technology to provide users with clearly presented data

CARLETON UNIVERSITY

Part-time Multimedia Developer (Sept. 2016 - June 2017)

- Wrote and produced a pair of online introductory and advanced programming courses
- Collaborated with other team members to create an efficient production pipeline

Projects

METAL SHEPHERD

Game Developer (Summer 2018 - Winter 2019)

- Roles included general programming in C#, enemy AI, level design, bug fixing, web development, sound design, and producing the soundtrack
- Developed a third person action adventure game with a small team of three other students for over a year as the capstone project for my senior year of university
